Statement of Work

TITLE: Information to Establish, Maintain, and Operate the National Death Index (NDI)

I. BACKGROUND

In February 1977, a working group was established to develop plans and procedures for implementation of a National Death Index. Such an index would provide legitimate scientific researchers with the means to determine whether individuals in their research study had died. The working group, consisting of representatives of jurisdictions' vital statistic systems, data users, and NCHS staff, was charged with developing specific recommendations regarding datasets to be used for indexing and searching; data to be provided to users; operating procedures; user eligibility; criteria for matches; and an operating protocol.

The need for a National Death Index has been recognized for many years. This need has expanded rapidly over the years because of the development of several national programs requiring mortality follow-up of individual subjects in studies of public health and medical importance. The work group determined that the need for establishing a National Death Index was of high priority in meeting research needs at practical costs in dollars, time, and resources, and recommended an overall concept for a National Death Index and an operational protocol for developing and operating a National Death Index system.

Death records are collected from the 50 jurisdictions, District of Columbia, New York City, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. The terms Contractor and jurisdiction are interchangeably used throughout this document and refer to one of these 57 areas.

II. PURPOSE

The purpose of this contract is to continue the collection of information and data for the National Death Index and to assure the qualitative reliability and timely availability of those data for the upcoming performance period.

III. SCOPE OF WORK

The Contractor shall furnish the necessary personnel, materials, services, and facilities, to establish, maintain, and operate an information system to extract selected death record information for the principal months of registration of 1 January 2020 through 31 December 2020. The Contractor shall include the information submitted specifically for the National Death Index (items in Section IV.1. below) with the demographic death record when submitted for the Vital Statistics Cooperative Program (VSCP). The NDI, demographic, and cause of death information will be extracted by the National Center for Health Statistics (NCHS) for its use in maintaining the National Death Index (NDI) file. The National Death Index file will be used to determine the death certificate number, date of death, jurisdiction of death and cause(s) of death for specific individuals included in medical and public health projects and studies.
IV. TASKS TO BE PERFORMED

During the performance of the contract period and utilizing the specifications provided by NCHS, the Contractor shall provide an estimated total of 26,492 records on the data file, and the Contractor specifically shall:

1. Collect and maintain the following specific items of information and operate a data system which will provide data files containing these items to NCHS per the timeframe specified in the VSCP contract. Items listed in bold text are collected solely for the National Death Index and will be stripped from the VSCP data.
   a. Place of Death - jurisdiction, County
   b. jurisdiction File Number
   c. Name of Decedent - Last Name, First Name, Middle Initial
   d. Name - Alias or Cross Reference Indicator
   e. Sex
   f. Date of Death - Month, Day, Year
   g. Race
   h. Age at Death - Unit, Number of Units
   i. Date of Birth - Month, Day, Year
   j. jurisdiction of Birth
   k. Social Security Number
   l. jurisdiction of Residence
   m. Father's Surname
   n. Marital Status
   o. Multiple and underlying cause(s) of death

Data files are to be delivered in the specified NCHS format and detail in coordination with related demographic data using the State and Territorial Exchange of Vital Events (STEVE), or other method specified by NCHS.

2. Provide to NCHS a data record for each death registered in the jurisdiction’s vital statistics office for the principal months of January 2020 - December 2020 including delays and any corrections that are requested for records previously submitted. Prior data year records that are registered after the jurisdiction's annual statistical cutoff are to be submitted on an electronic form (image or separate data file) or, with prior approval, on paper copy.

3. Provide a replacement file for any shipment not meeting accuracy or completeness requirements (if any).

4. Query each death record in accordance with the jurisdiction's query program and NCHS guidelines, which can be found at http://www.cdc.gov/nchs/data/dvs/Instruction_Manual_revise20_2013.pdf.

5. Develop and carry out quality control procedures designed to identify and control errors in data collection and file production.

6. Prepare a data file (NDI data shall be submitted with VSCP data) to record all items specified above for each death registered during the period covered by the contract.
7. Provide NCHS with detailed data file format and coding procedures for selected items of information upon request. These documents shall be consistent with NCHS item and code structures that will be furnished to the Contractor by NCHS prior to data file preparation by the jurisdictions.

8. The Contractor shall prepare and submit a replacement data file, at no additional cost to the Federal Government, when files fail to meet prescribed specifications and characteristics on accuracy, format, or record completeness. Corrected records shall be provided for as long as the jurisdiction updates computer records for its own use.

V. GOVERNMENT FURNISHED MATERIALS

No government materials will be furnished.

VI. PERIOD OF PERFORMANCE

The performance period will be from March 26, 2020 – May 1, 2021 for data months of January 2020 - December 2020.

VII. DELIVERABLES

The Contractor shall submit the data file as described in section IV to the Data Acquisition, Classification and Evaluation Branch (DACEB), Division of Vital Statistics, NCHS, P.O. Box 12214, Research Triangle Park, North Carolina 27709, the following items:

Upon request, procedures for coding selected items and data file format and layout for calendar year 2020 shall be provided.

Include NDI data items with the VSCP data file. File shall contain records for events occurring in each principal month of registration including belated records, alias records, and each principal correction received in the jurisdiction’s office for any data year from 1979 forward. Principal Months: January 2020 - December 2020.

VIII. CONTRACTING OFFICER’S REPRESENTATIVE

Connie Gentry is hereby designated as the Contracting Officer’s Representative (COR) for this contract. The COR is responsible for guiding the technical aspects of the project. The COR shall not make any commitment or authorize any changes which affect the contract price, terms, or conditions. Any such changes shall be referred to the Contracting Officer for action.
IX. PAYMENT TERMS (note if and how partial payments are authorized)

As consideration for full performance of the work stated under section IV. TASKS TO BE PERFORMED, the Government shall pay the Contractor the firm fixed price of $22,628. Partial payments are authorized.

The number of records identified in IV. are estimates only and are not purchased hereby and is based on the previous closed data year. In no event will the Government be obligated to pay for records received when such payment would require funds in excess of the total funds available as set forth on the face page of this purchase order. Payment shall not be made for duplicate records received nor to replace records in error; payments are based on the previous closed data year counting only unique death certificate numbers received. This amount is payable upon receipt and acceptance, by the Government, of those items specified in IV.

Copies of invoices must be submitted to NCHS, Office of Acquisition Services (OAS), and Office of Financial Resources (OFR) using CDC form number SF 1034 (Public Voucher for Purchases and Services Other Than Personal). The form can be located at www.gsa.gov; select Forms Library then Standard Forms (SF) tab and scroll down the list. The following information is required for the invoice to be accepted: contract number, tax identification number, DUNS number, invoice/voucher number, contract line item number (CLIN), data months, and date invoice was prepared. Invoices can be submitted via mail, email, or fax using the information provided below.

NCHS:

Fax: 404-638-5324
In order to ensure prompt payment, we suggest that you submit a copy of each invoice directly to the NCHS COR and Contracting Officer or Contract Administrator concurrently with submission to the Office of Financial Resources (OFR). It saves time, postage, and speeds up the payment processing by emailing the invoices to the 3 listed email addresses below:

1. Office of Financial Resources (OFR) Email: FMOAPINV@CDC.GOV
2. OAS Contract Administrator Email: ESULLIVAN2@CDC.GOV
3. NCHS COR Email: DAEBPROC@CDC.GOV

Again, invoices must be concurrently submitted to NCHS, OAS, and OFR.

X. Special Contract Requirements

Cybersecurity Enhancement Act of 2015
Transmissions across the internet into Federal information systems are monitored for cybersecurity purposes in accordance with the Cybersecurity Enhancement Act of 2015 (6 U.S.C. §§ 151 and 151 note).

1. Rights to Data

The data obtained under this contract will be abstracted from vital records filed under the laws and regulations of the individual jurisdictions. No restrictions may be placed upon the Contractor's right to publish or disseminate information acquired under this contract.

2. Confidentiality of Contractor Provided Data

Pursuant to the Public Health Service Act (42 USC 242m.), Section 308(d), and regulations of the Secretary, the Government assures the Contractor that: (1) the information obtained under this contract will be used only for statistical research and reporting purposes by the National Center for Health Statistics and other purposes agreed to in writing by the contractor, and (2) information obtained under this contract shall not be published or released in other form if the particular establishment or person supplying the information or identified in it is identifiable unless consented to in writing by the Contractor.

It is understood that the Contractor hereby provides NCHS permission to link the VSCP and NDI files for its own projects without further jurisdiction approval, provided that no identifiable data are released or used for other than statistical tabulations.
All such projects shall meet the following criteria:

a. Data used in the NDI file search shall have been collected by NCHS under NCHS’ own legislative authority and shall be subject to NCHS’ assurances of confidentiality. Applications for the NDI search shall be filed by NCHS, and all criteria for the use of NDI shall apply.

b. No identifying data (e.g., names, addresses, social security numbers, death certificate numbers) shall be released outside of NCHS except as approved by the NDI Advisors. No follow back shall be conducted on the basis of the NDI search or any death record information without the consent of the jurisdiction NDI Advisors. NDI Advisors can require the researcher to go through full NCHS/jurisdiction review because of the researcher’s desire to follow-back to the next of kin based on information found in the NDI search. This full review will have to be done prior to the NDI search being undertaken.

c. No other agency, organization, or individual shall have exclusive rights to any of the data produced on the basis of the NDI search or the linkage of the VSCP and NDI files. Such data shall be in the public domain and shall be released by NCHS in the form of public-use data files, published and unpublished tabulations, reports, articles, and papers. All such files, tabulations, reports, articles, and papers shared outside NCHS shall meet NCHS standards on confidentiality.

d. All statistical data released by NCHS shall be subject to NCHS’ usual standards with regard to privacy and confidentiality as outlined in the NCHS Staff Manual on Confidentiality.

The Contractor also provides NCHS permission to link the birth and death VSCP files using Contractor supplied linkage information.

In all other situations, NCHS must seek jurisdiction permission before linking files containing data obtained under the VSCP contracts. Payment for these uses is negotiable.

Notification is hereby given that the Contractor and its employees are subject to criminal penalties for violation of the Privacy Act to the same extent as employees of the Government. The Contractor shall assure that each of its employees knows the prescribed rules of conduct and that each is aware that he or she can be subjected to criminal penalty for violation of the Act. A copy of 45 CFT Part 5b, Privacy Act Regulations, will be provided by the Government under separate cover.
FAR 52.252-2 -- CLAUSES INCORPORATED BY REFERENCE. (Feb 1998)

(c) The Contractor shall comply with the FAR clauses in this paragraph (c), applicable to commercial services, that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or executive orders applicable to acquisitions of commercial items:

[Contracting Officer check as appropriate.]

(1) 52.222-17, Nondisplacement of Qualified Workers (May 2014) (E.O. 13495).

(10) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations. (May 2014) (42 U.S.C. 1792).

(d) Comptroller General Examination of Record The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records -- Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work
terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) (1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause—

(ii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017) (section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions)).

(iii) 52.204-23, Prohibition on Contracting for Hardware,

FAR 52.222-36 -- Equal Opportunity for Workers With Disabilities (Jul 2014)

(a) Equal opportunity clause. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60.741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(b) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of $15,000 unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

[Class Deviation- 2017-O0008, Office of Federal contract Compliance Programs Waiver of Certain Clause Requirements in Contracts for Hurricane Harvey Relief Efforts. This clause deviation is effective on Sept 01, 2017, and remains in effect until incorporated into the FAR, or otherwise rescinded.

(c) Notwithstanding the provisions of this section, the Contractor will not be obligated to develop the written affirmative action program required under the regulations implementing section 503 of the Rehabilitation Act of 1973, as amended.

FAR 52.204-21 –Basic Safeguarding of Covered Contractor Information Systems (Jun 2016)

(a) Definitions. As used in this clause–

“Covered contractor information system” means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

“Federal contract information” means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as on public Web sites) or simple transactional information, such as necessary to process payments.

“Information” means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009).

“Information system” means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

“Safeguarding” means measures or controls that are prescribed to protect information systems.

(b) Safeguarding requirements and procedures.

(1) The Contractor shall apply the following basic safeguarding requirements and procedures to protect covered contractor information systems. Requirements and procedures for basic safeguarding of covered contractor information systems shall include, at a minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.
(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal agencies and departments relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial items, other than commercially available off-the-shelf items), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

CDC37.0001 Non-Personal Services (Apr 2013)

(a) Personal services shall not be performed under this contract. Although the Government may provide sporadic or occasional instructions within the scope of the contract, the Contractor is responsible for control and supervision of its employees. If the Contractor (including its employees) believes any Government action or communication has been given that would create a personal services relationship between the Government and any Contractor employee, the Contractor shall promptly notify the Contracting Officer of this communication or action.

(b) The contractor shall comply with, and ensure their employees and subcontractors comply with, CDC Policy titled “Identification of Contractors’ Employees and Safeguarding Government Information.” No Contractor employee shall hold him or herself out to be a Government employee, agent, or representative. No Contractor employee shall state orally or in writing at any time that he or she is acting on behalf of the Government. In all communications with third parties in connection with this contract, Contractor employees shall identify themselves as Contractor employees and specify the name of the company for which they work. The contractor is limited to performing the services identified in the contract statement of work and shall not interpret any communication with anyone as a permissible change in contract scope or as authorization to perform work not described in the contract.
All contract changes will be incorporated by a modification signed by the Contracting Officer.

(c) The Contractor shall ensure that all of its employees and subcontractor employees working on this contract are informed of the substance of this clause. The Contractor agrees that this is a non-personal services contract; and that for all the purposes of the contract, the Contractor is not, nor shall it hold itself out to be an agent or partner of, or joint venture with, the Government. The Contractor shall notify its employees that they shall neither supervise nor accept supervision from Government employees. The substance of this clause shall be included in all subcontracts at any tier.

(d) Nothing in this clause shall limit the Government's rights in any way under any other provision of the contract, including those related to the Government's right to inspect and accept or reject the services performed under this contract.
